MEMORANDUM FOR: Deputy Director, National Foreign Assessment Center
FROM : Presidential Briefing Coordinator
SUBJECT : DIA Complaint

1. I can provide the following background on this complaint.
2. The DCI briefed the President on [REDACTED] developments on 1 November. The briefing paper provided by [REDACTED] OWI, to the DCI specifically attributed the work to the STIC. I cannot say whether the DCI specifically mentioned the source of the study to the President, but would be surprised if he did.
3. I have never seen the January 1978 comparison. It was not used in any Presidential Briefing by the DCI.
